Analysis by the Legislative Reference Bureau

Under current law, a person who wishes to receive a driver's license or an identification card from the Department of Transportation (DOT) must provide certain information to DOT, including the person's name, address, date of birth, and physically descriptive information. A license or an identification card that is issued by DOT includes a picture of the person, identifying information, the person's signature, and physically descriptive information.

Under this bill, an applicant for a driver's license or identification card who is an alien resident of this state must present documentary proof that the person is legally residing within the state and the date on which his or her status as a legal alien expires. The bill requires DOT to include on the person's driver's license or identification card the date on which the person's status as a legal alien expires.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
